

The Next Phase of Regional Mobility

March 27, 2026

11:30am - 1:30pm

Speakers:

Lara Bouck, Manager of Project Development & Sarah Larsen, Transportation Planner with MetroPlan Orlando

In this presentation, representatives from MetroPlan Orlando will share insights into the key forces shaping how residents and visitors travel throughout Central Florida. The discussion will highlight major upcoming mobility initiatives like SunRail and Brightline, as well as how emerging issues and technologies like climate resiliency and advanced air mobility may influence how the region moves in the future.

The presentation will also explore how MetroPlan Orlando is partnering with local agencies and stakeholders to position the region to deliver safe, efficient, and multimodal transportation options. Finally, it will address how planners can collaborate to ensure both individual communities and the broader region are prepared to support sustainable growth and evolving mobility needs.
